Connect with us

Mango shoppers spend over TWICE the amount of non-mango shoppers STOREWIDE. Promotional demos and tastings can help EXCITE, educate and create mango LOVERS.

### **DEMONSTRATION & EDUCATION**

#### SELECTION & STORAGE

Customers want to know how to choose and store their mangoes. Have your demo folks teach them the basics dynamically.

#### #CHOOSEYOURCUT

Many people are visual and need to learn through watching. Teaching cutting techniques will get more customers to buy mangoes.

#### TASTINGS

Tasting mangoes will multiply your sales. Not only can you sample the mangoes in their different stages of ripeness, but also various varietals.

#### RECIPES

We recommend sampling 1-2 easy recipes from the CRESPO ORGANIC KITCHEN and offering their informational cards to shoppers.

#### CRESPO SINALOA SAUCE

Our "Mango Habanero Sauce" is delicious on tacos and salads.

## HEIRLOOM TOMATO

Goes well with chips or to just have a "biteful"

#### MANGO AGUA FRESCA

Fresh and perfect with still or sparkling water.

# VIRTUAL

Virtual marketing surrounding your demo dates is essential to keeping the **EXCITEMENT** lingering for longer and to give shoppers extra support when theu get home. It also helps them spread the MESSAGE and keep the excitement about mangoes continuing, thus creating more and more mango LOVERS!

## #UGLY MANGOES

Don't forget to do you part in the **UGLY** mangoes marketing campaign. Teaching shoppers that it's what's on the INSIDE that counts is extremely important to mango sales success. Mangoes tend to have an uglier outside than most fruits so EDUCATION is key to sales!

## YOUR

Demos and tastings should always be done around VIBRANT and large mango displays. Multiple displays throughout the store are even better, for those who take more time to decide! We recommend having several of our educational POSTERS on displau in the store, at the demo area and on the DISPLAYS. The best prop is a sweet price point, even case sales!
